

What do we wear? – High School Seniors

The Girls: Our goal is to make you look and feel like a true fashion cover girl when shooting your senior pictures.

With pictures the small details matter. Please have your nails trimmed and polished and don't forget your toes. As tempting as it might be, I do not recommend trying out any new hairstyles or coloring in the event you are not satisfied with the outcome; however a hair trim is a great idea. Feel free to bring along any hair accessories or hats you'd like to play around with

As for makeup, slightly heavier makeup photographs well, but be sure not to over-do it. Pay extra attention to the eye makeup, avoiding clumps in the mascara and make sure you have some lipstick and/or gloss on your lips. To control shine please bring along translucent powder or blotting pads.

For black and white images wearing black is best as it highlights your facial features. A black top and a favorite pair of jeans will offer up a nice contrast between your skin and clothing. Clothes that flatter you are the way to go -- baggy clothes often times makes you look larger, so make sure that you are wearing a well-fitting clothes. Also, be aware of the right undergarments. White pants and flowered underwear do not mix!

Keep jewelry simple; we want the focus to be on you!

Lastly, bring your prom dress or favorite dress for some fun and artistic shots!

The Guys: Like suggested to the ladies, it is recommended that you do not try out any new hair styles right before your session, just in case you are not happy with how things turn out. Please avoid wearing any hats at least 2 hours prior to your session to avoid any unsightly lines across your forehead.

Bring something that will look good in black and white images, such as a pair of jeans and a black shirt, and also bring some clothing for color images – don't be afraid of bold colors, but please stay away from plaids, strips, logos, or large prints. Jackets, coats, ties, and athletic uniforms are great to put on for a few shots too.
